The English Garden offers the perfect location for wedding ceremonies and wedding photos. The English Garden covers just under two acres and is based on formal English design principles. This garden contains three "garden rooms": The Maze, the Knot Garden, and the Great Lawn. It has been designed so that areas of the garden are in bloom all season long. Our most formal garden, the English Garden contains 1000 feet of hedges, dozens of rose varieties and shrubs and hundreds of perennials.
